

# Bringing Solutions to the Table

The FoodCycler is a countertop compost alternative which reduces food waste, greenhouse gases from landfills, and unpleasant odours that attract vermin. By harnessing this innovative technology, municipalities can reduce greenhouse gases, lower waste management costs, and improve the lives of their residents.

## THE BENEFITS

### The FoodCycler™

- The FoodCycler operates quietly and efficiently, using little energy
- The closed-loop process produces zero emissions or odors
- This sustainable process reduces organic waste to a tenth of its original volume
- The end-product is a nutrient-rich soil amendment perfect for gardening and composting

## THE BENEFITS

### The Pilot

- Divert 25-50% of trash in participating households
- Reduce the need for regular trash collection
- Reduce nuisances from raccoons, pests, and other vermin
- Remarkable cost savings from trash diversion

## LOVED BY RESIDENTS

### 4.6 Star Average Rating

“Loved participating in this pilot and will be continuing to use the FoodCycler. It’s been a great opportunity to teach our kids and family about composting. I look forward to using the “compost” in our garden this summer.”

- KENORA RESIDENT

“I really liked not having to deal with stinky food waste when garbage day was far off. We reduced our garbage to the curb by about 75%. Everyone who visited and saw the FoodCycler was very interested and are bringing the idea to their local governments.”

-CENTRAL MANITOULIN RESIDENT

# Why Should You Pilot with Us?

## LOVED BY OUR 100+ PARTNER COMMUNITIES

"You know, you are always skeptical when you see a product like this, but when you see how it does reduce waste by 20:1 or more, it's just a real wise investment for anybody."

- PERRY KELLY, Manager of Public Works (Town of Bancroft)

"It alleviates a lot of the concerns that people might have with backyard composting. The time commitment, the location, pests and animals and everything like that."

- KYLIE HISSA, Strategic Initiatives Officer (City of Kenora)

## Pilot Program Timeline:

-  **PICKUP DAY**  
Residents obtain their FoodCycler & accessories. FCS provides all necessary marketing materials for your community.
-  **PILOT DURATION**  
Residents divert food waste using the FoodCycler for 12 weeks and keep track of the total waste diverted using our tracking sheet.
-  **END OF PILOT**  
The FoodCycler is theirs to keep to continue diverting food waste! Residents fill out our closing survey about their experience using the FoodCycler. The pilot results and survey data are analyzed and presented to the community.

## WE ARE TRUSTED PARTNERS OF:

## RECOGNIZED BY:

- 80%** of residents reduced their monthly trash production
- 93%** of residents recommend the FoodCycler to their family and friends
- 98%** of residents will continue using their FoodCycler beyond the pilot program
